

SANISPRAY HP™ 750
High-Production Disinfectant Sprayer

Tackle Large Jobsites Quickly

Specifically designed for sanitizing and disinfecting, the Graco SaniSpray HP 750 high-production disinfectant sprayer supports up to eight applicators for maximum production. Move with ease from one location to another. Simply plug it in, turn it on, and adjust the spray pressure to effortlessly sanitize and disinfect any large jobsite.

Benefits

- **High Production** - Sanitize and disinfect up to 950,000 sq ft from one central location for maximum production
- **Consistent Coverage** - Multiple tips provided to meet your disinfectant's dwell time and atomization requirements
- **Single Staging Area** - Siphon from a 5- to 55-gal container, or easily fill the 10 gal stainless steel hopper, while connected to a single power source
- **Corrosion Resistant** - Uniquely built with the highest-grade materials that are compatible with disinfectants, sanitizers and deodorizers
- **Quick Clean** - Easily disinfect and flush equipment after job is complete

Simple Solution for Large-Scale Sanitizing and Disinfecting

With COVID-19 having changed the world, and national, state and local emergencies declared, sanitizing and disinfecting are now more important than ever in providing a safe environment for customers, employees, vendors and the general public. With the Graco SaniSpray HP 750 high-production disinfectant sprayer, you can spray EPA-approved List-N disinfectants to help reduce the risk of exposure to COVID-19 and other infectious diseases at stadiums, parks, airports, ships and large industrial areas.

Pressure Control Knob

- Set pressure (0-1,200 psi) to atomize spray chemical
- Reduce inhalation exposure with proper pressure setting

Supply Power

- 240V/20A supply power
- Use kit 25D489 to supply 120V/15A power
- Built-in disconnect switch
- Power cord provided

Heavy Duty Cart with Wheels

- For portability and maneuverability
- Flat-free tires

Siphon Feed (ships loose)

- Stainless steel fittings
- 5 gallon (19 L) pail or 55 gallon (210 L) drum compatible

Stainless Steel Pump Lower

- High corrosion resistance
- Low cycle rates increase packing life

Electric Driver

- Quiet and efficient
- Minimal service, only requires oil

High-production

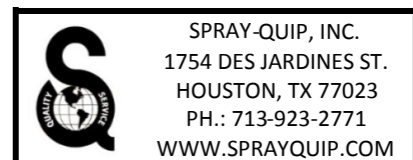

- 750 oz/minute
- Supports 8 airless spray guns
- Add up to 500 ft (152 m) of hose per gun to spray anywhere (packages include 300 ft per gun)

10 Gallon (38 L) Hopper (ships loose)

- Stainless steel
- Fill with ease
